

## MURRAY SMITH WINS BRIDGE GATE SUIT

**Jury Awards Him \$75 Damages  
For Delay and Annoyance At  
Clay's Ferry Toll Gate**

A jury in circuit court Tuesday morning gave Attorney G. Murray Smith \$75 damage and costs against the Clay's Ferry Bridge Company. Mr. Smith sued for \$200 for alleged damages and annoyance caused by undue and unnecessary delay at the toll gate just over the bridge. There was much interest in this case, and the court room was crowded with men and women from all over town and the county. There is so much driving through this tollgate by autoists and others going to and from Lexington that a great many were interested in the outcome.

Mr. Smith was represented by Attorneys John Noland and H. C. Rice. The Clay's Ferry Bridge Company, which owns the bridge is a corporation, the principal stockholders of which are Messrs. W. S. Moberly, W. C. Bennett and Mrs. Thomas Jefferson Smith. Attorney A. R. Burnham represented the defendant company.

Mr. Smith made the principal witness for himself, and told of having been delayed on numerous occasions. He alleged that "Miss Ann" was often feeding her chickens and otherwise engaged when he sought to go through the gate. He said that he estimated that he had been delayed as much as 20 minutes upon one occasion. His brother-in-law, Mr. A. R. Denny, who was with him and their families at the time of the delay, upon which the suit was based, also testified for him. A large array of prominent witnesses who were summoned for Mr. Smith, were not allowed to appear by the court.

Mr. Moberly and "Miss Ann" Atkinson, who has kept this tollgate for about 14 years, were the only witnesses for the defendant. Mr. Moberly said that he is president of the company. He said his instructions to "Miss Ann" are to let travelers thru the gate as quickly and with as little delay as possible. "Miss Ann" said she was mixing feed for her chickens at the time Mr. Smith complained of, and did not wait to feed them before opening the gate. She said that she kept the gate locked because several had run thru it without paying toll, and said further that she collected toll from several cars at a time if they were there in line, before letting any through because those behind might run through without paying if she opened the gate for the first car before she had collected off all in line.

The jury which tried the case was composed of the following: Messrs. H. P. Dykes, R. C. White, Thos. Cotton, Starling McKinney, James Turley, E. P. Rupard, James Million, E. Deatherage, George Dozier, B. F. Reeves, B. F. Belue and Lucien Thompson.

## ERNEST CONGLETON BUYS NICE FARM

Ernest W. Congleton, of Madison county, bought a very attractive Fayette county farm Monday when he purchased the Delong place which was sold at Master Commissioner's sale. He secured 342 acres at \$192 an acre, which is considered quite a bargain the way most Fayette county land has been selling. Mr. Congleton gets possession of the farm the first of next March at which time he will remove there to make his home. The farm is located 10 miles out of Lexington on the Tate's Creek pike. Improvements on the land consist of a two-story brick residence of 8 rooms, a large stock barn and two tenant houses.

## MAKES BIG PROFIT ON PLANTATION

**John Cabell Chenault Sells Part  
of Mississippi Farm At  
Handsome Advance**

Judge J. C. Chenault received a message Tuesday that his son, John Cabell Chenault, has just closed a contract for the sale of about half of his large plantation near West Point, Miss., at a price almost equal to what he paid for the whole place less than a year ago. The buyer was another Kentuckian, G. C. Riffe, of Hustonville, Lincoln county. Mr. Chenault sold him 346 acres, of the 747 which he purchased last December. He got \$28,000 for the 346 acres, whereas he only paid \$37,000 for the whole tract of 747 acres, so that the popular young Madison county boy cleaned up a nice profit on his Mississippi deal in a short time. In addition to that he has made a splendid crop on the big plantation the past season, all of which will be good news to his many friends at home here.

## MASTER BOMB MAKER DISCOVERED AT GARY

**Federal Agents Uncover Plant of  
Man Who Sent Explosives  
Thru Mail May Day**

(By Associated Press)

Chicago, Oct. 14—The military authorities at Gary, the home of the big steel mills, announced today that they hoped to have the maker of the Gimbel and other bombs which have startled the country in the past year under arrest within a few hours. Secret service men said they knew the name, habits and manufacturing methods of the person who made most of the bombs. They announced also they had uncovered a plot to assassinate the Mayor of Gary, discovered great stores of dynamite near Gary and traced the printing of Red circulars to Indianapolis. They said they had arrested the man who blew up the entrance to the Chicago postoffice a year ago.

Chicago, October 14—Federal authorities at Gary, Indiana, have arrested the alleged maker of the bomb which was exploded June 3d in the doorway of Attorney General Palmer's home in Washington and have obtained evidence clearing up the terrorist bomb plots of May day and June 2nd, according to authoritative information here today.

The man held and said to have been the manufacturer of 36 bombs sent through the mails wrapped in paper from Gimbel Brothers store in New York and timed to reach the victims May 1st is a radical leader named Ivanoff. He is said to have been the agent who carried the Gimbel bombs from Gary, to New York, he having bought gun cotton and other explosives used, obtaining them from Aetna Power Works, four miles east of Gary. Further efforts to obtain a supply of explosives led to a raid in the cellar of his bomb factory, after operatives traced him there.

The federal authorities would not announce the name of the man held as a suspect but stated he has been steadily employed in the steel mills at Gary until he struck September 22d and that he was one of the most violent radical agitators during the early part of the strike.

The revelation of the arrest of the bomb maker and uncovering of the details of a terrorist plot followed the finding on a striker at Gary yesterday of four copies of a handbill purporting to be a proclamation of the Communist party of America, advocating the overthrow of the military forces at Gary.
